Basic	Flat R100 any one claim

Pensioner Excess

Pensioners over 55 years old do not have to pay an excess unless the specific conditions of a section say they must. A pensioner is a person who is no longer in full-time employment and whose main income comes from a pension, annuity or investment.

Where a claim is reported on a vehicle registered to and insured by a bona fide pensioner, but which is not driven by or under the control of the insured pensioner at the time of the loss, the standard excess payable will be applicable as well as any other additional excesses.

Excess

Any Excess (First Amount Payable/Deductible) payment made directly to Bryte Insurance Company Limited will be dealt with in accordance with paragraph 2.9 (b) of the Value-Added Tax ("VAT") Binding General Ruling No 14 issued by the South African Revenue Services ("SARS") on 22 March 2013.

Indemnity Payments

VAT Liability in terms of section 8(8) of the VAT Act

Please be advised that if you are a registered VAT vendor, a VAT liability arises in your hands as a result of receiving an indemnity payment from Bryte. You are required to account and declare VAT ("output tax") to SARS equal to the tax fraction (i.e. 14/114) of the indemnity payment received from Bryte. This VAT liability arises in terms of section 8(8) of the VAT Act. The VAT declaration to SARS must be made in the same tax period that you receive the indemnity payment from Bryte.

Corrective Action Excesses

PLEASE REMEMBER: Excesses may be amended or vary due to Multi-Claimant or Reactive Underwriting Decisions and Actions taken. Note that any such amendment will always be sent by notice in writing.
